Date: October 6, 1993

To: Council for Tobacco Research
Research Director
900 Third Avenue
New York, NY 10022

From: Mary O'Shea
Dept. of Physiology
M&V 701

Re: Awards, fellowships, grants

I'm in the process of developing a chart for our faculty members, postdoctors, & graduate students, informing them of the awards, fellowships, & grants that are available to them. My records show that in 1990 the Council for Tobacco Research offered a grant for basic research between human health and tobacco use.

If this award is still active please send me updated information. Also please send me information about any other awards, fellowships or grants in the area of science in which the Council for Tobacco Research may offer.

Thank you in advance for your help.
